

Hey guys,

Here is a brief update about the children's coin offering donations.

Please pass along to Grace Fellowship members that the children were overwhelmed with joy.

They received school supplies and fruit trees. I will post a couple of photos below - and I have more if needed or if you would like to have me make a presentation at an after-church potluck again.

I also wanted to remind you that sometime soon would be an excellent time to schedule the radio ministry offering. The bills will be due at the end of February - and we can usually keep the programs on air even if we wait to pay. But sometime in the next month or so would be great.

The radio ministry has enormously succeeded and is spreading the gospel into far-reaching communities.

All the ministry continues to grow. Thank you for your partnership in many ways.

Blessings,

Steve
